PERSONAL SUMMARY

I'm a student who aspires to kick off my career as a Software Developer. I believe that an effective work environment and strong teamwork can solve any problem. I maintain a healthy lifestyle by keeping my mind and body in shape. Overall - young, motivated individual ready to contribute.

EDUCATION

SOFTWARE TECHNOLOGY ENGINEERING

Bachelor's degree at VIA University College

Horsens, Denmark

2023 Sep – 2027 Jan

PROJECTS

• YAPPER (SEMESTER PROJECT 3)

December 2024

Yapper intends to provide a simple social media platform. This project is a Full-Stack Application that implements **C#/Blazor** (Front-end) and **Java** (Back-end). To obtain communication between client and server, **REST API** and **gRPC** were used.

• BOOKWORM (SEMESTER PROJECT 2)

May 2024

This project aims to provide an online, sustainable solution for libraries. It is achieved through a combination of **JavaFX** scenes and **Java** code. The data is managed and saved in a database using **PostgreSQL**. The interface provides patrons with easy access to all the services on the platform.

- PHOTOGRAPHY PORTFOLIO

December 2023

During my first semester of studies, I became curious about Front-end Development. I decided to learn **React JS** by deploying a Photography Portfolio. For this project, **JavaScript**, **CSS** and **Bootstrap** were used to achieve responsive layout.

ABOUT ME

Born in Latvia and raised in Spain, I was first introduced to programming in high school. After completing my studies, I pursued a Bachelor's Degree in Software Engineering at an institution in Denmark. My passion for technology is matched by my enthusiasm for sports, cars, and maintaining a healthy lifestyle. In addition, I enjoy playing chess to unwind and keep my mind sharp.
